Forecast for Wednesday 16 Sep 2020

Weather: Mostly cloudy during the morning with patchy light rain, gradually dying out. Dry in the afternoon with brightening skies and a little sunshine breaking through, especially over western fells.

Chance of cloud free mountain/hill tops above 800m: 30% during first part of morning, improving 70% in afternoon, always best in west of National Park. Extensive cloud cover well down the hills at first, gradually lifting and breaking a little later in morning and during afternoon.

Visibility: Misty conditions in the morning with patches of poor visibility in association with drizzle. Pockets of good visibility over western fells at first with visibility becoming good in many areas during afternoon.
